# Workshop Announcement

Within the DFG Priority Programme 'Adaptomics'1529 we will hold the

## **BrassiBase Workshop III**

open to up to 10 participants.

**Dates** **Thursday 8th October, 10 a.m. to Friday, 9th October 12.30 a.m. 2015**  
Get-together on Thursday night

**Place** **Botanic Garden, Centre for Organismal Studies (COS), Heidelberg University**  
Im Neuenheimer Feld 340, 69120 Germany  
Car parking spots are available (to be paid),  
<http://www.cos.uni-heidelberg.de/index.php/directions>

**Theme** The participants of our third 1.5 day *BrassiBase* workshop will again become more familiar with the biodiversity and evolution of the Brassicaceae. This year the workshop will focus on age estimates, cytogenetics and phylogenomics. The workshop should be interactive and the content can be determined by the participants' requests from the fields of phylogeny and systematics/taxonomy of Brassicaceae groups. We will also inform you about the latest updates and work in progress of the knowledge database system *BrassiBase*.

**Registration** [claudia.hauber@cos.uni-heidelberg.de](mailto:claudia.hauber@cos.uni-heidelberg.de) until August 1st 2015.  
A detailed schedule of the workshop will be provided mid of September.  
Please organize your own accommodation as early as possible,  
e.g. Hotel Café Frisch (500m).

### **For SPP1529 members:**

Free accommodation for SPP1529 members will be organized by Dr. Ines Kubigsteltig.  
Please fill out the registration sheet and reply as soon as possible  
(deadline August 1st 2015).
