

Ruhr-Universität Bochum

The Ruhr-Universität Bochum (RUB) is one of Germany's leading **research universities**. The University draws its strengths from both the diversity and the proximity of scientific and engineering disciplines on a single, coherent campus. This highly **dynamic setting** enables students and researchers to work across traditional boundaries of academic subjects and faculties. The RUB is a **vital institution** in the Ruhr area, which has been selected as European Capital of Culture for the year 2010.

The Ruhr-Universität Bochum – Faculty of Mathematics

invites applications for the position of a

Full Professor (W3) in Algebra

to start as soon as possible.

The successful candidate will represent an active subject in Algebra and Algebraic Geometry in research and teaching at the highest international level. The successful applicant's mathematical work should be landmark contributions to the field. Applicants should further have demonstrated proficiency in conducting pioneering research projects at internationally recognized level.

Positive evaluation as a junior professor or equivalent academic achievement (e.g. habilitation) and evidence of special aptitude are just as much required as the willingness to participate in the self-governing bodies of the RUB and to generally get involved in university processes according to RUB's mission statement.

We expect further more:

- high commitment in teaching at graduate and undergraduate level
- readiness to participate in interdisciplinary academic work
- willingness and proven ability to attract external funding

The Ruhr-Universität Bochum is an equal opportunities employer.

Complete applications with full CV, complete list of publications, copies of certificates and research plan, should be sent by email to mathe-dekanat@rub.de no later than January 25th 2015. Further information is available at <http://www.ruhr-uni-bochum.de/ffm/>.
