Ruhr-Universität Bochum (RUB) is one of Germany's leading **research universities**. The University draws its strengths from both the diversity and the proximity of scientific and engineering disciplines on a single, coherent campus. This highly **dynamic setting** enables students and researchers to work across traditional boundaries of academic subjects and faculties.

PROFESSOR FOR DATABASES AND INFORMATION SYSTEMS (W1 TENURE TRACK)

The Center of Computer Science at the Ruhr-Universität Bochum invites applications for the position at the **Department of Mathematics** of a Professor for Databases and Information Systems (W1 tenure track) to start as soon as possible.

The candidate is expected to establish an excellent research program, to produce and publish original research, be an effective lecturer and mentor of both undergraduate and graduate students, and participate in institutional and professional processes. We are looking for scientists with an internationally visible research profile in Databases and Information Systems, in at least one of the following subfields:

- Data Mining and Analytics, Warehousing
- Computer architectures for databases and information systems
- Semantic Networks and Ontologies
- Natural Language Processing, Text Mining
- Fuzzy, probabilistic and approximate Databases

The successful applicant is expected to cooperate with the Horst-Görtz-Institute for IT-security and especially with the recently granted cluster of excellence Cyber Security in the Age of Large-Scale Adversaries, and to play an active role in the development of the Center of Computer Science at the Ruhr-Universität Bochum (led by the Faculty of Mathematics and the Faculty of Electrical Engineering/Information Technology).

We expect:

- strong commitment to academic teaching at graduate and undergraduate level;
- readiness to participate in interdisciplinary research;
- willingness and ability to attract external funding;
- readiness to contribute to joint research projects of the department.

The position is part of the federal-state programme for the promotion of early career researchers.

The evaluation-criteria can be requested via e-mail, mathe-dekanat@rub.de.

Following a successful tenure evaluation, the respective tenure-track professor will subsequently be awarded permanent tenure.

Ruhr-Universität Bochum is an equal opportunity employer.

Complete applications including CV, copies of academic certificates, list of publications, list of self-raised third-party funds, and a teaching record should be sent by email to the **Dean of the Department of Mathematics, Prof. Dr. Peter Eichelsbacher**; e-Mail: mathedekanat@rub.de not later than March 31st 2019.

Further information can be obtained at our website https://www.informatik.rub.de/.
