

Ruhr-Universität Bochum

The Ruhr-Universität Bochum (RUB) is one of Germany's leading **research universities**. The University draws its strengths from both the diversity and the proximity of scientific and engineering disciplines on a single, coherent campus. This highly **dynamic setting** enables students and researchers to work across traditional boundaries of academic subjects and faculties. The RUB is a **vital institution** in the Ruhr area, which has been selected as European Capital of Culture for the year 2010.

The Ruhr-Universität Bochum – faculty of Mathematics

invites applications for the position of a

Juniorprofessor (W1) in Algebra

to start as soon as possible.

We are looking for a junior scientist in a current field of Representation Theory and Algebraic Geometry. Teaching assignments include courses for mathematicians, engineers, and natural scientists offered by the department.

The initial appointment will be for three years; upon successful evaluation, the position will be extended for further three years.

Applicants will be expected to hold an excellent PhD in mathematics as well as to have a demonstrable expertise in academic teaching.

We expect further more:

- high commitment in teaching
- readiness to participate in interdisciplinary academic work
- willingness and ability to attract external funding or to participate at existing cooperations.

The Ruhr-Universität Bochum is an equal opportunities employer.

Complete applications with curriculum vitae, list of publications, copies of certificates, and research plan should be sent to the mathe-dekanat@rub.de no later than July 17th 2016. Further information is available at www.ruhr-uni-bochum.de/ffm/.
