Job offer

The Chair of Macroeconomics is looking for a

Student assistant

*(Wissenschaftliche Hilfskraft mit Bachelorabschluss, WHB)*

Starting from 1.11.2019. The position is available for 6 months (possible renewal).

The weekly working time is 8 hours.

The tasks are as follows:

- To assist in the development and enhancement of a macroeconomic agent-based model in Java Repast;
- To review code;
- To integrate the model with MySQL (or similar) to better manage the results of the simulation (to be then analyzed with R);
- Other, computer-related tasks.

The main requirements are as follows:

- Excellent programming skills (esp. Java Repast);
- Version management (SVN / GIT);
- Database setup and management (MySQL or similar);
- Good English knowledge;
- Willingness to learn and be engaged in economic research;
- Responsible behavior for the delegated activities.

Interested students can apply via email to paola.dorazio@rub.de by sending a letter of motivation, CV and grade sheet (Notenübersicht/en) by October, 13th 2019.
