Notes

- Talks are held Tuesdays, 18:00-19:00.
- The local host is in charge of inviting, hosting and reimbursing the guest speaker.
- We go out for a drink and/or dinner immediately afterwards.
- It would be nice to reserve time in the speaker's schedule for individual meetings with local PI's and for an open meeting with Ph.D students and postdocs.
- Please contact Sen (sen.cheng@rub.de) to reserve a time slot
