Comments:

The numbering of the parking areas from P10 onwards is represented only in the map. It is not signposted on the University Campus and therefore it is not designated.

On the campus there are public as well as non-public parking areas. The road traffic regulations (StVO) apply to the public parking areas. As to the non-public parking areas, there is a parking regulation to ensure safety and to improve the situation of these areas and streets on the campus. This regulation can be downloaded as a PDF file from the following website: <http://www5.rz.ruhr-uni-bochum.de:8638/mam/dezernat5t/content/parkordnung.pdf>.

More details of the designated parking places as well as further information can be taken from the PDF file "Information on the RUB Parking System": http://www.ruhr-uni-bochum.de/anreise/pkw_en.html.
