## **> SOFOSH - Society of Friends of Sassoon Hospital**

- **The Sassoon General Hospital is the largest government hospital in Pune, treating people from the poorest economic conditions with free medical care.**
- **SOFOSH - a voluntary charitable organization, established in 1964:**
  - **to serve patients in times of distress and provide emergency care to castaway babies – babies retrieved by the police or relinquished by crisis affected mothers.**
  - **It has set up child care center called “Shreevatsa” a sanctuary for family deprived infants and physically and mentally challenged children. They also tend to the problems of the sick, the needy and the lost.**

- **On the occasion of Diwali in 2005 (Diwali - the festival of lights that teaches to uphold the true values of life) Emitec India decided to launch it's Community Service Program by**
  - **Adding a little light to deprived infants and physically and mentally challenged children looked after by SOFOSH.**
- **This was done by initiating a small contribution by all Emitec team members with a matching contribution from the company.**
- **This sum was handed over to the members of SOFOSH with a request that the money be used to brighten up the Diwali festival of the children with gifts and little surprises.**

Members of SOFOSH briefing the Emitec team on their activities

Handing over the contribution to SOFOSH
