## CHAIR OF EARLY MODERN HISTORY AND GENDER HISTORY

### Metro/Subway (U-Bahn):

At Bochum's main train station, ICE, IC, EC, regional trains, and city trains arrive and depart galore. You can reach the Ruhr-University's own station easily by metro (U-Bahn) train U35 (CampusLine). On workdays, the U35 (going to Bochum Hustadt) departs every five minutes, and it takes less than 10 minutes from the main train station to the university station.

You need a ticket of category A (Preisstufe A). Tickets are available at vending machines at every station and have to be stamped before the ride.

### How to get from the metro station "Ruhr-Universität" to us:

After leaving the platform, turn right over the bridge to the main campus. Keep right and leave the university library on the left. Take the stairs and turn right. On your left you see the (red) campus store. After passing it you continue downstairs. You are facing the GA-building (it is the first of three) now. Behind the entrance turn right through the next glass door and you will stand in front of the elevators. Go to the 4th floor (not floor 04!). When you face the washrooms, turn left and then right again. Room 131 is at the end of the isle.

You will find the secretary in room 147, half way to the other end of the same isle, right behind the glass door.
