

CURRENT PERSPECTIVES IN NEUROSCIENCE

MoNN&Di – INTERNATIONAL SYMPOSIUM 2025

Monday, April 28th, 2025

08:30 On-Site Registration

09:30 Welcome Talk

09:45 **GRAZIELLA DI CRISTO** (CHU Sainte-Justine, Montréal, Canada)
Targeting cortical GABAergic circuits in neurodevelopmental and psychiatric disorders

10:30 **KATJA NOWICK** (Freie Universität Berlin, Germany)
Building Brains Big and Small: Changes in Gene Regulation and Networks during Evolution and Stress

11:15 Coffee Break

11:45 **STEPHAN LAMMEL** (UC Berkeley, USA)
Neural dynamics of dopamine neurons in motivated behavior

12:30 Lunch

13:30 **PAULINE LAFENÊTRE** (Université de Bordeaux, France)
The impact of obesogenic diet on brain memory

14:15 Poster Session & Coffee

15:15 **SILKE PATZ** (Medical University of Graz, Austria)
Biomedicine and medical technology – Innovative developments in neurosurgery
