

# Logic in Bochum 2

## June 27, 2016

10:00 Transfer from RUB to Schloss Raesfeld

12:30 *Lunch*

14:00 – 14:45	Christian Straßer/ Mathieu Beirlaen/ Jesse Heyninck	<i>Casting doubt. Shadow arguments in defeasible reasoning</i>
---------------	---	--

14:45 – 15:30	AnneMarie Borg/ Dunja Seselja/ Christian Straßer	<i>An argumentative agent-based model for scientific inquiry</i>
---------------	---	--

*Coffee break*

16:00 – 16:45	Andreas Kapsner	<i>Negations in Fiction</i>
---------------	-----------------	-----------------------------

16:45 – 17:30	Jesse Heyninck/ Christian Straßer	<i>Relations between assumption-based approaches in nonmonotonic logic and formal argumentation</i>
---------------	--------------------------------------	---

19:00 *Dinner*

## June 28, 2016

9:30 – 10:30	Graham Priest	<i>Some New Thoughts on Conditionals</i>
--------------	---------------	--

10:30 – 11:15	Martin Pleitz	<i>The Common Structure of the Paradoxes</i>
---------------	---------------	--

*Coffee break*

11:45 – 12:30	Grigory Olkhovikov	<i>On expressive power of modal intuitionistic logic</i>
---------------	--------------------	--

*Lunch break*

## Workshop on Connexive Logic

14:00 – 15:00	Claudio Pizzi	<i>Two kinds of consequential implication</i>
---------------	---------------	---

15:00 – 15:30	Elena Ficara	<i>Connexivist Elements in Hegel's Logic</i>
---------------	--------------	--

*Coffee break*

16:00 – 16:30	Matthias Unterhuber	<i>Beyond System P – Hilbert-Style Convergence Results for Conditional Logics with a Connexive Twist</i>
---------------	---------------------	--

16:30 – 17:00	Luis Estrada-González	<i>Abelizing connexive logics</i>
---------------	-----------------------	-----------------------------------

17:00 – 18:00	Fabien Schang	<i>Connexive logics?</i>
---------------	---------------	--------------------------

19:30 *Workshop dinner*

## June 29, 2016

9:30 – 10:15	Hitoshi Omori	<i>Towards a unification of paraconsistent logics</i>
--------------	---------------	---

10:15 – 11:00	Daniel Skurt	<i>Operators in non-monotonic systems</i>
---------------	--------------	---

*Coffee break*

11:30 – 12:00	Heinrich Wansing	<i>Remarks on non-transitive 'identity'</i>
---------------	------------------	---

12:30 *Lunch break*

Transfer to RUB
